

Love On Demand

Northern Lite

I'm the tongue beneath your ring
The hand that makes you pant
The song for you to sing
I'm love on demand

Pure pleasure to your pride
Your castle made of sand
The slide over to your side
I'm love on demand

Got your picture in a locket
Always puttin' on my rocket
Quit - if you wanna loose your grip
Choose the ticket for your one way trip

I am what you need
Strong hand - soft kiss - and a feeling of bliss, baby
I am what you need
Tell whatever baby tell me, please

Enough sugar, energy-rich
Giving you the best name
Perfect gentleman - son of a bitch
Taking all of your blame

Tha chain for you to cling to
24/7 - nonstop
The limousine to bring you
Right up here on top

Got your picture in a locket
Always puttin' on my rocket
Quit - if you wanna loose your grip
Choose the ticket for your one way trip

I am what you need
Strong hand - soft kiss - and a feeling of bliss, baby
I am what you need
Tell whatever baby tell me, please

I am what you need
Strong hand - soft kiss - and a feeling of bliss, baby
I am what you need
Ask me baby I'll say yes, indeed

I'm your six feet nine inch
Your white winged snow finch
Feel good lucky chance
Gonna be your last dance

The lips going down your hips
The feet between your feet
...to cut a long story short:
I am what you need

Got your picture in a locket
Always puttin' on my rocket

Quit - if you wanna loose your grip
Choose the ticket for your one way trip

I am what you need
Strong hand - soft kiss - and a feeling of bliss, baby
I am what you need
Tell whatever baby tell me, please
I am what you need
Strong hand - soft kiss - and a feeling of bliss, baby
I am what you need
Ask me baby I'll say yes, indeed
