

My Pain

Northern Lite

If you wanna understand my pain,
let me take you back and start again,
one time I wanna make you look inside,
If you wanna understand my pain,
let me take you back and start again,
one time I wanna make you look inside,
the other time I only run and hide.
the other time I only run and hide.
If you wanna understand my pain,
let me take you back and start again,
one time I wanna make you look inside,
the other time I only run and hide.
