Northlane

The scent of lies is in the air tonight  
The scent of lies is in the air tonight  
The scent of lies is in the air tonight  
We dance in a spell of lust  
Those eyes of yours I cannot trust  
The scent of lies (the scent of lies) is in the air tonight  
We dance in a spell of lust  
Those eyes of yours I cannot trust

So act all innocent even though we have seen your true face  
Stop lying to yourself  
You're nothing but a fucking disgrace  
You're a fucking disgrace

How can you trust anyone if you can't even trust your friends?  
A masquerade of lies will kill us all in the end  
The worst part of it all is I'm exactly the same  
I'm looking around the room  
I'll be the first one to blame  
The scent of lies is in the air tonight  
We dance in a spell of lust  
Those eyes of yours I cannot trust  
The scent of lies (the scent of lies) is in the air tonight  
We dance in a spell of lust  
Those eyes of yours I cannot trust

Take another look inside of yourself  
Look at the mess you've made  
Take another look inside of yourself  
Stop living in a masquerade  
You're just a two-faced piece of shit  
I'll make sure all you cowards quit  
So hide yourself behind a mask  
In a room of double faces  
You can never hide what's in your past  
Nothing changes at all, I'm still exactly the same  
I'm looking around the room  
I'll be the first one to blame  
The scent of lies is in the air tonight  
We dance in a spell of lust  
Those eyes of yours I cannot trust  
The scent of lies (the scent of lies) is in the air tonight  
Those eyes (those eyes), those eyes

To everyone who's held me up and everyone who's brought me down  
I will never forget your faces, your voices  
To everyone who's held me up and everyone who's brought me down  
I will never forget your faces, your voices

Wink and smile for a while behind a mask  
In a room of double faces  
You can never hide what's in your past
