

## Thrill Killer

Nosferatu

In a back-street club in town he goes to taste desire  
Waiting for the meat, the lust burns in him like fire  
Flames flicker in those empty eyes  
Lips twisted with a sensual smile  
Promising you a real good time if you'll join him for a while.

Condemned by innocence  
Wipe away those tears, he'll chase you forever (2x)  
If you dare escape

Thrill... Thrill... Thrill Killer An agonizing way to be  
Thrill... Thrill... Thrill Killer Enter in and you will see

He says that his mother never showed him love  
And no one there to hold him in the dead of night  
The only love he feels is pain that he suffers  
The only truth he knows is lies, damned lies!

Thrill... Thrill... Thrill Killer An agonizing way to be  
Thrill... Thrill... Thrill Killer Enter in and you will see  
Thrill... Thrill... Thrill Killer If you wanna stay alive  
Thrill... Thrill... Thrill Killer Have an instinct to survive

Condemned by innocence Wipe away those tears, he'll chase you f  
orever (2x)  
If you dare escape, he'll chase you forever

Flames flicker in those empty eyes  
Lips twisted with a sensual smile  
Promising you a real good time if you'll join him for a while  
She could be his meat if she did not know his face  
I sit watching him looking for some new bait  
Reflections in the mirror, eye contact  
Worried that she's gonna be attacked  
She smiles with anger in her eyes And kisses his disguise

Condemned by innocence Wipe away those tears, he'll chase you f
