

# One World To Live In

Nostradameus

The lies you keep telling me over and over  
Will never destroy me or  
Make me a pawn in the game you want to play  
Misleading the masses, creating disasters  
You rule by destroying, and still  
You think I'll believe in what you say

We only have one world to live in  
How come we allow them to tear it apart?  
We only have one world to live in  
It's time now to learn how to make a new start

How can you look at yourself in the mirror  
And say you are proud when  
All you've achieved is pain and misery  
Starvation, pollution and radioactive wastelands  
Empty resources, we'll hold  
You responsible when that time has come.

We only have one world to live in  
How come we allow them to tear it apart?  
We only have one world to live in  
It's time now to learn how to make a new start

We only have one world to live in  
How come we allow them to tear it apart?  
We only have one world to live in  
It's time now to learn how to make a new start
