

# Age Of Pandora

Nothgard

Black clouds cross the sky like demons they arise  
Unholy legions slay all light

In the past the lines were longer  
Balance on earth much stronger  
The daylight shined much brighter  
Our humen hauteur lighter

No I won't dare to praise  
All the bygone nights and days  
But can't you see the signs  
Pandora dons her deathman's sight

United by hatred - A dark corps at it's best  
We will pay for our nasty sins  
Bigoted Dastards - Two-edged twins

Age of Pandora comes  
Our justice, our hangman  
To doom the human pride  
Blood and thunder crash the site

Soon scared cries thrill the night  
Carnage - Lakes of blood arise

Chorus:  
Black clouds cross the sky  
An evil army slays all light  
Unholy troops arise  
The demons of our tainted Reich  
Black steam, the scourge of time  
Prepares to overrun front lines  
Unholy legions determined to slay all light

I can hear our funeral bells  
See the tombs overfilled dark procession  
On way to hell, Resist and arm for

STRIKE when the iron is still hot  
RAISE your fist, pay with blood  
FORGE your destiny  
Standing tall, form new walls  
STRIKE when the iron is still hot  
RAISE your fist, pay with blood  
FORGE your destiny  
Standing tall, form new walls

The world is doomed by chaos on a course towards the abyss  
Get armed for your last fight and welcome the eternal night  
The time has come  
For us to die  
Pandora rise

Chorus:  
Black clouds cross the sky  
An evil army slays all light  
Unholy troops arise

The demons of our tainted Reich  
Black steam, the scourge of time  
Prepares to overrun front lines  
Unholy legions determined to slay all light

Power-Chorus:

Black clouds cross the sky  
Like demons they arise  
Unholy legions  
Slay all night

Chorus:

Black clouds cross the sky  
An evil army slays all light  
Unholy troops arise  
The demons of our tainted Reich  
Black steam, the scourge of time  
Prepares to overrun front lines  
Unholy legions determined to slay all light
