

## Afterlife

### Nothing But Thieves

Afterlife

Oh what a terrible thought

'Cause I've lived without you once before

We don't, we don't have to do this again

Please don't, please don't make me start this again

Oh my love

Your beauty will consume me in the end

It was only ever you

It was only ever you

My baby

It feels like a lifetime

Oh god I don't think I could do two

Afterlife

You can tell your god he can keep his salvation

And if you like, the angels can fly into the sun

We don't, we don't have to do this again

Please don't, please don't make me start this again

It was only ever you

It was only ever you

My baby

It feels like a lifetime

Oh god I don't think I could do two

My soul is tortured

With love and lust and hate

My cracked lips are unkissed

For a million days

My infected heart

It's bleeding in its cage

I'm losing my dignity

But not got long left to wait

It was only ever you

It was only ever you

My baby

It feels like a lifetime

Oh god I don't think I could do two
