If I Get High

Nothing But Thieves

```
I'll meet you at the divide
To break the spell
A point where two worlds collide
Yeah, we'll rebel

And we run (7x)
Until we break through

If I get high enough (2x)
Will I see you again?

I fill my lungs every night
Not long to wait
And if I do this thing right
I dream of our escape

And we run (7x)
Until we break through

If I get high enough (2x)
Will I see you again?
```
