

## For All The Sin

Nothingface

I can't feel this way today  
And I said that I am tired  
So go to sleep and close your eyes  
I'm sorry  
For all the sin  
For all deception  
You know it's hard to face you  
When I know what you did  
You're sorry

Stay far away from you  
I'm sick and tired of you too  
But there's the way that you move?  
Dressed up in lies  
Beds in truth

You tried everything you said  
But I see that you can't be  
What you were before  
I'm laughing  
Please understand these words  
You are nothing anymore  
And your skin it hides your waste, your age  
You're lifeless  
Stay far away from you  
I'm sick and tired of you too  
there's only one way to hide it  
Just paint your eyes it bides the time

But there's the way that you move  
Dressed up in lies  
Beds in truth  
What if I find my way to it  
Confinement of my mind  
Encased in lies

Why are they doing this?  
They said when you got here the whole thing started.  
Who are you, what are you?  
Where did you come from?  
I think you're the cause, of all this,  
I think you're evil  
Evil  
Again, you fucking did it again  
Stay far away from you  
I'm sick and tired of you too  
What if I find my way to it  
Confinement of mind  
Encased in lies, lies, lies
