

# Never-Ending Love

Novaspace

Well, I love anything about you  
Appreciate anything that you do  
Deep inside this gorgeous feelin'  
My heart jumps up to the ceiling

It's in the way you smile when you're smilin'  
It's in the way you touch my heart with your eyes  
Yes, I know that finally my dream's come true

Never-ending Love  
All I need  
All I want  
(is never-ending love)

Never-ending Love  
And I never get enough

Never-ending Love  
Heal my soul  
Make me whole  
(it's never-ending love)

Never-ending Love  
Never dies

Even if I just think about you  
I imagine the things that you do  
I enjoy this sweet sensation  
Endless love and affection

And when you make me feel like I'm flyin'  
And when you make me feel like I'm losin' control  
Yes, I'm finally livin' my dream with you
