Nightflight

Novaspace

Dark is the night frightful silence around Only the moonlight shining there's not a sound I'm not afraid 'cause you're here by my side You'll be my shelter and hold me so tight

I have every trust in you There is nothing I won't do

Oh take me on a nightflight nightflight nightflight The others fall asleep and we fly away

Oh take me on a nightflight nightflight nightflight We fly through the night 'Til we meet the day

Up and away oh baby right in the night Never been flying so high as a kite This night I'm havin' the time of my life It's so exciting we're higher than high

I won't need no sleep tonight Never stop it feels so right
