

All Day Long

Novastar

I may be a fool
But till then
Darling you
I'll see your face
All day long
It lasted full of rage

It's coming in sound
It's the last
I will hear
It never does
All day long
It lasted for your rage

When you inquire
Why the night doesn't die
Well it never does
All day long
I'm longing for your touch
All day long
I woo myself onto you

If you would see me
Fire on mainstreet
If you could feel my love
Down in the moonshine
All this is riverbound tonight
Right

If you would see me
Fire on mainstreet
If you could see my love
Down in the moonshine
All this is riverbound tonight
right
