

## Miasma

## Novembers Doom

Approaching the moment we knew would come  
The time where you must leave this place  
I wish that you could speak to me  
To hear your voice again... Again

For all these years  
You were my reason to love  
And I begged you not to leave me

There's no life without you  
I will always be alone

In this room you wither away  
Praying for your end of days  
I'll hold your hand until the end  
My heart will never let you go... Let you go

For all these years  
You were my reason to live  
And I begged you not to leave me

There's no life without you  
I will always be alone  
There's no love without you  
I will always be alone

I wish you could hear me  
I have so much to say  
My words are suffocating  
Miasma steals my breath away

For all these years  
You were my reason to breathe  
And I begged you not to leave me

For all these years  
You were my reason to love  
And I begged you not to leave me

There's no love without you  
I will always be alone
