

## Dead Oaks

Now, Now

I can't feel your bones but I can see them  
And I can't call you up without a reason

I can take a thousand miles and I can drive for hours to your house in the  
Summer  
But I could stay for longer if you wanted me to

Oh oh oh oh oh  
I've been up and I don't sleep enough  
And oh oh  
I don't sleep enough  
And oh oh  
I know we don't talk as much but I can hear you still  
Oh oh oh oh oh

I can hear your voice on the phone when you're up all alone  
in your room  
Because I am up too
