

## Always Safety First

NRBQ

Just had a whim, to go take a swim  
Out on a limb just haul off jump right in  
But that's not so smart and so, I'll hold on to the rim  
Ahh, and then I will live to swim again

It's really neat, to go cross the street  
Don't skip a beat just fly on my swifty feet  
But I'll stop before I go, the light will tell me when  
Ahh, and then I will live to cross again

Slow down, buckle up, take the time, and rehearse  
Always Safety First

I'm feeling free, I'll go climb a tree  
Oh monkey me, I'm just like a chimpanzee  
But it's way too high and so, this time I'll just pretend  
Ahh, and then I will live to climb again

Ahh, ahh, ahh just remember  
Always Safety First...
