

Merry Christmas

NRBQ

Merry christmas
Merry christmas
It's the time of the year when all good dreams come true
I look at all the toys all under the tree
Makes me think about the way things could be
If people all over the world could just see them too

Every christmas
Every christmas
There's magic in the air where the holiday spirit's true
I listen to the twinkle as it floats my way
Must be music that the angels play
If people all over the world could just hear it too

If we opened our hearts our wishes would come true
They'd come true

Merry christmas
Merry christmas
It's the time of the year when all good dreams come true
I look at all the toys all under the tree
Makes me think about the way things could be
If people all over the world could just see them too

If people all over the world could just see them too
If people all over the world could just see them too
If people all over the world could just see them too
If people all over the world could just see them too
