

Sleep

NRBQ

Sleep, wonderful sleep
Rest your little head
Close your eyes and drift off to sleep
Nothing more to say
You'll be on your way to a dream
Follow a moonbeam
They glow through the night
Sleepy sleep tight
Everything's wonderful, sleep

Time to lay me down
Everyone is falling asleep
No one here but us
Cuddle up and just drift away
Over the rooftop or float out to sea
Wherever you go
Everything's wonderful, sleep

Can't describe the feeling
To sleep through the night
Rest is oh, so healing
So healing, ah
Sleep through the night
Sleepy sleep tight
Everything's wonderful, sleep
