

# All Automatic

Nuno Bettencourt

Here goes my life again  
It's pretty plain, what a shame

Who'll win the race today  
Haven't a chance  
Play the game

Well I'm tired of thinking, of thinking, thinking  
The warnings, the worries, the pressures  
Forget it for a minute and....

Get automatic, get automatic  
Move automatic, all automatic

I'm always punching in  
Can't find the means to an end  
Punch me out!

I like the cloud I'm on  
Would rather ride #9

Well I'm tired of thinking, thinking, thinking  
The warnings, the worries, the pressures  
Forget it a for a minute and...

Get automatic, get automatic  
Move automatic, all automatic
