

To Defile

Nunslaughter

I am told to kill
The ones with Christian minds
To free their soul and crush their God
Its Satan they will find
Death across the land
It forms into a sea
A sea of blood the sins of man
It only strengthens me

To Defile God

With the 7 keys
I open hellish gate
To curse your soul and damn you God
And seal you wicked fate
Now that your in hell
You see what my eyes see
The burning soul the evil one
And you will follow me

To Defile God
