

Take this ordinary mind
And do anything you can
To shape it into something else, whatever helps
Taint this simpleton you see, and oppress him with such ease
Stop at nothing to express your superiority

(Is it just me)

Take these flaws you love to hate
And continue your despise
They'll never guess your only full of lies
Full of lies
Taken for a fool I know but if you take a closer look
Could you consider that everything you look past
Could be seen as being something so unique

Crowded, can I get some air in here
cause for so long I've been so
shrouded just like the rest of them
the rest of them

Take this ordinary mind
And do anything you can
To shape it into something else, whatever helps
Taint this simpleton you see, and oppress him with such ease
Do you feel in control or could it simply be your role
Who could disagree its getting so

Crowded, can I get some air in here
cause for so long I've been so
shrouded just like the rest of them
the rest of them

(is it just me
Is it just me)

Or is it crowded, can I get some air in here
cause for so long I've been so
shrouded just like the rest of them
the rest of them

Crowded, can I get some air in here
cause for so long I've been so
shrouded just like the rest of them
the rest of them
