

# No Shame

Nural

I feel my hope is slowly dying  
Turn around cuz I might start crying  
Every second of every day  
You have no shame, no shame  
I'm on my back keeping muscle at a steady pace  
Everybody seems to think life is a low risk  
Got to get you out to the real world before anybody else does

Welcome to my world knowing that there's nothing I can do  
I'm in over my head  
I witness everyday how ignorant some people can be  
Have you no shame? No shame...

I'm trying to show you that your life's misguided  
I could have given in so why should I fight it?  
I know you're wishing you could change this picture of its dirty frame  
And rearrange  
And I'm not hyper, you don't show any aggression  
Learning the hard way will loosen the tension  
Try and grasp the concept for your own sake

Welcome to my world knowing that there's nothing I can do  
I'm in over my head  
I witness everyday how ignorant some people can be  
Have you no shame? No shame...

No shame...

Welcome to my world knowing that there's nothing I can do  
I'm in over my head  
I witness everyday how ignorant some people can be  
Have you no shame? No shame...
