Love Is Worth The Fall

I can almost believe that you're real And it's love in my heart that I feel But there's something between us That can't seem to get through it all

If I could only read your mind I would know how to save you this time With love, love is worth the fall If I could only save the day Here in your world I could stay For love, love is worth the fall

Show me the way, let me see Into your soul let me breathe I will wait through the ages And watch you sleep straight through the night

If I could only read your mind I would know how to save you this time With love, love is worth the fall If I could save the day Here in your world I could stay For love, love is worth the fall

Sleep, darling sleep Dream, darling dream Open those dreams to me Yeah, only read your mind I would know how to save you this time With love, love is worth the fall Yeah if I could only save the day Here in your world I would stay For love, love is worth the fall Love, love is worth the fall

I see you right there and your smiling Alone in your bed, that□s my love It's better than listening When nothing is said I lay down beside you here I do it for love Love, love is worth the fall Love, love is worth the fall Love, love is worth the fall Love, love is worth the fall
