

So Good So Far

O.A.R.

Wake up, dreaming
Crooked days left behind
These closed eyes

The places that we've been
Footsteps and handprints
The more we've yet to see the more I find

It's all we have
So good so far

It's not over 'til we're done
And we've only just begun
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over 'til we've won

Well I was thoughtless and careless
The day I lost my innocence
Chasing you into the sun

It's okay when I'm afraid
It's okay when I'm a fool
Who only plays the cards he's got

It's all we have
So good so far

It's not over 'til we're done
And we've only just begun
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over 'til we've won

So here's to tomorrow
The next one that follows
All and anything that comes

We'll let the summer kiss the day
Watch the rains come in
And wash away the crazy thing we've done

It's all we have
So good so far
All we have
So good so far

It's so good so far
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over 'til we've won

It's not over 'til we're done
And we've only just begun
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over 'til I've won

This ain't over 'til we're done
And we've only just begun
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over 'til we've won
