

## Tragedy In Waiting

O.A.R.

It's a tragedy in waiting  
And there's something on my mind  
It's hard enough for me to carry on  
Well it's a tragedy in waiting  
And there's something on my mind  
It's hard enough for me to carry on  
Well call me pleasure if you like  
But believe me when I say  
I will learn to change it all  
It's not like I'm asking for the sky to open up  
I don't believe that's possible just yet  
Well it's a tragedy in waiting  
And there's something on my mind  
It's hard enough for me to carry on  
Have you ever left your suitcase  
Open long after you land  
Cause you're scared to find a way  
To love them close  
A destiny may wait and there's present in hand  
But they forgot to tell me how to end this show  
Could it be that I'm the one  
Who holds my hand behind my back  
Well I know that this is possible by now  
But destiny may take me so far from where I am  
But it's hard enough for me to hold it down  
You want me so badly to give right into you  
But I'm afraid that cannot be the case today  
You dream of land and marriage, just me and you  
Oh my mind won't you leave me be  
Won't you just leave me for me  
Love is the only way out of this  
It's the only way i can get back into it  
Be an afternoon or more  
Beyond the breaking of the day  
There is always something waiting there for me  
I've asked again and then again  
Just to glimpse into my day  
But someone's trying to make it hard on me  
Could it be that I'm the one  
Who tied my hand behind my back  
Well I know that this is possible right now  
It's a tragedy in waiting  
When there's something plaguing the mind  
And it's hard enough for love to hold me down  
Well, I don't believe it  
Well, I can't believe it  
Well, I don't believe it  
I'll never believe it  
No, so I'm gone  
You want me so badly to give right into you  
Well I'm afraid that cannot be the case today  
So you dream of land and marriage, just me and you  
Oh my mind won't you just leave me be  
Won't you just leave me for me  
For me , for me , for me
