

I Know(You Love Me)

O. Children

I know you love me, oh, me lying'
I know you love me, are you with me crying, baby?
I know you love me, don't need no reason, honey.
I know you love me, so I keep on cheating, lady.

I see you a bit sad, I see you be with the kids.
I know you love me.
Cause to madness killed romantic bliss.
I know you love me.
In your eyes I am an angel, but the truth is I am
human.
I know you love me, the truth is bliss.

Yesterday I saw myself in the arms of somebody else,
And I couldn't be feeling alive without my bed having
you in my eyes
What we're doing, I don't know, am I right or should I
go?
'cause I couldn't be feeling alright without my bed
with you on my right.

This ain't a movie, this ain't a novel, baby
I know you love me
I'm playing stupid, screwing around my fate
I know you love me by the end of time
I know you love me, yeah, I see that look in your eyes
I know you love me
I know you love me

Yesterday I saw myself in the arms of somebody else
And I couldn't be feeling alright without my bed having
you in my eyes
What we're doing, I don't know, am I right or should I
go?
'cause I couldn't be feeling alright without my bed
with you on my right.

Yesterday I saw myself in the eyes of somebody else
And I looked so incredibly old, gray on my head and
long on my brow
Where she's going, I don't know, but I follow wherever
she goes
Now I look so incredibly old in my grave and lying
alone.
