

# Radio Waves

O. Children

I've heard you on the radio  
But I've never seen your face  
It's good to meet you  
I think you're really really pretty  
I wanna take you home tonight  
I wanna have my wicked way  
I wanna make you more  
Than a radio wave

I got this feeling in my body  
That you're a satellite wave  
I need to tune myself  
To your radio wave

I wanna watch you while you're sleeping  
I need to feel your sweet embrace  
I wanna get you off  
That ugly radio wave

I wanna watch you move  
I wanna watch you breathe  
I can't do either  
Unless you're with me

I got this feeling my body  
That I will never feel again  
I might as well be dead  
Unless your radio wave

It took me long enough to find you  
I wasted all my living days  
Trying to get you off  
That ugly radio wave
