

Solid Eyes

O. Children

Sleep is out of question, can move all along.
Play another record, play your favorite song.
Penny for a moment, can't get back in time
Putting on a Leffo, dragging you in line, for fun.

Inside down never learn, you can't cry the solid eyes
No time for sympathy, you can't cry solid eyes.

Dancing in the moonlight, we're dancing in the rain,
We're dancing 'till it feels right, we're dancing to the
pain.
Throw another record, make the dancing long,
Longer than the role year, round our neck and up the
wall.

Inside down never learn, you can't cry the solid eyes
No time for sympathy, you can't cry solid eyes.
