

## Swim

### O. Children

Banging in my drum I can get no rest,  
Not this song is still, light that cigarette down.  
Living, loving, lying, I know.  
Waiting, wanting, learning for more.

Burning through my hands, well, we can't be friends,  
Act like you don't know the way in we can dance in  
both.  
Living, loving, lying, I now.  
Waiting, wanting, learning no more.

I make my bet to lie in bed,  
Well, I'm sure it's something.  
And if you plan a dive into  
I'll teach you to swim.

Coollest water rain so calm, but you can't handle it.  
I've never been so down, why don't you take a dive?  
Living, loving, this pool is tender in.  
Don't run, don't swim, deep breath, dive in.  
Deep breath, dive in.

I make my bet to lie in bed,  
Well, I'm sure it's something.  
And if you plan a dive into  
I'll teach you to swim.

Swim and let me call you up  
We'll swim for miles  
Let me call you up in single fires.

Swim to make you smile.
