

All She Wrote

O-Town

All She Wrote

That's all she wrote
Left me alone
No reason why
To read between the lines
When you walked out the door I
Realized in my heart it was all
Your baby
That's all she wrote
Read between the lines
Goodbye.. that's all she wrote...

That's all she wrote
Left me alone
No reason why
To read between the lines
When you walked out the door I
Realized in my heart it was all
Yours baby
That's all she wrote
Read between the lines
Goodbye... that's all she wrote
