I want you to close your eyes And fall into a deep trance And when I count to three You'll wake up, and be mine I like it...like it I love it...love it I know you... Know you you I love it when you take me down, down under your spell My mind is suffocated By your deep sigh The scent of you has got me So blind, why, why can't I be with you Full time cause You bring me under Your lips, your eyes, your skin Can't wait to be within Your thoughts, your mind Will meet in time babe You're mine babe So fine babe But for now I like it when you bring me under Girl, I know you so well I love it when we get down, down Can't you tell I know you know when I first met you baby My heart fell I love it when you take me down, down Under your spell Can I get an "O" Can I get a "T" Can I get an "O" And a "W" And an"N" Bring it back If you, could ever understand What you put me through Then I, I I could forgive you I can't forget you The things that you do Won't leave my mind soon I came to you with a broken view of what My life should be You carried me subconsciously

I send my mind through your eyes My thoughts are caught up in you I like it when you bring me under Girl, I know you so well
I love it when we get down, down
Can't you tell
I know you know when I first met you baby
My heart fell
I love it when you take me down, down
Under your spell

When I look into your eyes My mind just don't know what to do and It's a crazy thing Got me all in a trance Wanna dance in the streets with you You got it goin' on, flowin' on Girl you never show me wrong Make a fella wanna go write a song And give you all my publishing I'm gonna go where you wanna go Run wild, have fun like a carnival Cause I think I'm in love with you And before I never knew that I was so I can't recall Not at all The last time a girl made me fall So deep that I had withdrawals So don't stop cause

I like it when you bring me under Girl, I know you so well
I love it when we get down, down
Can't you tell
I know you know when I first met you baby
My heart fell
I love it when you take me down, down
Under your spell
