

# These Are The Days

O-Town

Motel, sitting in the dark, empty rooms like an empty heart  
Lovers stop but they never stay,  
Don't look back as they drive away  
Maybe I should fix this broken neon light  
Fill the cracks and paint it bright  
Then maybe love will stop here tonight

If she knocks on my door, I'll give her the key  
Just one look in her eyes and I know I'll be  
Everything she sees in me  
More than I ever thought that I could be  
These are the days  
When all I can do is dream  
But I don't wanna spend forever  
Livin' in the in between  
I'm stuck here in a place without love  
And I just can't let it play this way  
But for now I'm gonna have to face it  
These are the days

Gotta to use these lonely time  
Change the picture in my frame of mind  
Outside the window there's a sunny day  
I wanna feel it on my face  
You and I, we're out here looking for the same thing  
And end to all the wondering  
Waitin' for someone to share this feelin'

If she knocks on my door, I'll give her the key  
Just one look in her eyes and I know I'll be  
Everything she sees in me  
More than I ever thought that I could be  
These are the days  
When all I can do is dream  
But I don't wanna spend forever  
Livin' in the in between  
I'm stuck here in a place without love  
And I just can't let it play this way  
But for now I'm gonna have to face it  
These are the days  
These are the days between the hopes and fears  
These are the moments that are still unclear  
When it's still uncertain if she will appear  
I'm here, even I like it or not, this is what I got
