

Carry Us All

Oasis

I heard a whisper on my radio - but I paid no mind
I just sat back and I let it go.
To catch the rain from a lonely waterfall
But I might be wet 'cos they could drown me like a dog.

They got me running out of time, I feel like a bonafide
The keeper of a right or wrong and I've known all along
But let me just make it clear.

Everybody's gone for a quick sure-fire solution
But faith in any God is gonna bury us all.
No-one's gonna fight in a ten-bob revolution
Have faith in what'cha got and it will carry us all,
Carry us all

Dm7 G (x2)

I slipped my skin as the forfeits reappear, but I paid no mind
I'm just trying to persevere
With the sins I have to shake from me within
But I might be wet, cos they're just trying to wear me thin.

They got me running out of time, I feel like a bonafide
The keeper of a right or wrong, but I've known all along
So let me just make it clear.

Everybody's looking for a quick sure-fire solution
But faith in any God is gonna bury us all.
No-one's gonna fight in a ten-bob revolution
Have faith in what'cha got and it will carry us all.
Carry us all.

Dm7 G (x3)

Aaaahhhhh...

Everybody's gone for a quick sure fire solution
But faith in any God is gonna bury us all
No-one's gonna fight in a ten-bob revolution
Have faith in what'cha got and it will carry us all.
Carry us all.

Carry us all
