

## Fade In-out

Oasis

Get on the rollercoaster the fairs in town today  
ya gotta be bad enough to beat the brave  
So get on the helter skelter bowl into the fray  
ya gotta be bad enough to beat the brave

You fade in- out  
You fade in-out  
Without a doubt  
And I dont see no shine today is just a daydream  
tomorrow she'll be cast away

Coming out of nowhere singing rhapsody  
ya gotta be bad enough to wanna be  
sitting upside a high chair with the devils refugee  
he's goona be blinded by the light that follws me

You fade in- out  
You fade in-out  
Without a doubt  
And I dont see no shine today is just a daydream  
tomorrow she'll be cast away
