

Let's All Make Believe

Oasis

Is anyone here prepared to say
Just what they mean or is it too late?
For anyone here to try to do
Just what it takes to get through to you

So let's all make believe
That we're still friends and we like each other
Let's all make believe
In the end we're gonna need each other

Straddle my hope and make me pray
To a God I've never seen, but who I've betrayed
To the people who live the afterlife In a place I'll never be 'til
I'm crucified

So let's all make believe
We're still friends and we like each other
Let's all make believe
In the end we'll need each other
Let's all make believe
That all mankind's gonna feed our brother
Let's all make believe
That in the end we won't grow up

So let's all make believe
We're still friends and we like each other
Let's all make believe
In the end we'll need each other
Let's all make believe
That all mankind's gonna feed our brother
Let's all make believe
That in the end we won't grow up
