

Early Graves

Obey the Brave

only the brave
work hard for what they crave
middle fingers up high
keep up that smile
proud son of the Nile
digging up early graves
only the brave

i'm done being stressed, feeling depressed
one day at a time man, fuck the rest
so what? If i'm broke
light it up, fears gone up in smoke

only the brave walk roads they pave
stay true to the game
only the brave walk roads they pave

only the brave
i'm trying to behave
black metal mode: OFF
no acting though
yeah, i've had enough
digging early graves
only the brave

i'm done being stresses, feeling depressed
one day at a time man, fuck the rest
so what? If i'm broke
take a deep breath, try not to choke

down on my luck
take the bull by the horns
keep holding on
don't let go

I'm done being a mess
got a fine girl and some crazy friends
time to realize how lucky I am
my family rules
i'm back in a band
