I'm begging you! please!
Take the life from my...
I'm begging you! please!
Withstand the way to go!
Withstand... withstand the pain, I sent to, you!
The pain I sent to you!

I'm begging you! please!
Retake the life we share!
Please!, withstand the pain, I sent to you!
The pain I sent to, you!
The pain I sent to, you!

Which is my need to life!
Disconnect the few entrails!
Corpses coming out without heavens!

I'm the one that's always kind, allowing access in my spine!
Life to feel, deep inside!, allowing access to my spine!

I'm the one that's always kind, allowing access in my spine!
Life to feel, deep inside, allowing access in my spine!

I'm begging you! Please!
I'm begging you! Please!
