I Just Need Myself

Ocean Colour Scene

I'll die before I get to sleep
When screaming shadows haunt my dreams
I'm cold and soaking wet when daylight shows it's face
This fear will always get in your way

And I can hear so much
That I miss it everyday
It finds me deep in love and deeper down the lane
I don't know too much but I know what I want to say
I just need myself

Please leave me when you see me fall
Oh please I have to climb that wall
And from the top of it you can nearly see your face
But don't let this ever get in your way

And I can hear so much
That I miss it everyday
It finds me deep in love and deeper down the lane
I don't know too much but I know what I want to say
I just need myself

I'm not going to walk on sinking sand
I'll sail this day to higher land
And when the sun is high, and I'll let my music say
These things will never get in your way

And I can hear so much
That I miss it everyday
It finds me deep in love and deeper down the lane
I don't know too much but I know what I want to say
I just need myself
