

If God Made Everyone

Ocean Colour Scene

If God made everyone
Then he didn't make you
The things that you do
Value come at to knows who
It's in everyone
But it's not in you
Love the children dearly
Love the mothers too
Love the children dearly

Love the mothers too
If God made everyone
Who in the hell made you
Who in the hell made you
If God made everyone
Then he didn't make you
The things that you do
Value come at to knows who
It's in everyone
But it's not in you
Love the children dearly
Love the mothers too

Love the children dearly
Love the mothers too
If God made everyone
Who in the hell made you
Who in the hell made you
And there's no one will be watching your parade
And there's no one will be watching your parade

Love the children dearly
Love the mothers too
If God made everyone
Who in the hell made you
Who in the hell made you
