

If I Gave You My Heart

Ocean Colour Scene

If I gave you my heart
Where would you be
Would it mean nothing
If not for me

If I gave you my eyes
What would they see
Would they see nothing
If not for me

But I gave you my hand and my sign and my soul on the earth
And I gave up on truth when I heard about the words
I lived out of love when I gave it away
And I sold off my soul when there's no one to pay

If I gave you my hand
What would it write
Would it say nothing
Or say it's alright

If I gave you my arms
Would they hold you tight
First blood ? in morning
Or bid you goodnight

And I gave you my strength and my worth and I gave you my gift
And I moved on the first and I left us to drift
And I reap from the soil and I build hopes from wood
It's a new better life and we have to ensure

And I gave you my dream of the world and you stole the key
You sang to the wind in the whole ??? sea
And I feel my weight and I guard my soul
And I found my beliefs when I found my control
I gave you my hand and my soul on the earth
And I gave up on the truth when I heard about the words
So I lived out of love when I gave it away
And I sold off my soul when there's no one to pay
