

The Seventh Floor

Ocean Colour Scene

It's so nice on the seventh floor
I'm taking you there ...
I get scared I can't touch the ground
But I feel safe when my friends come round

Ever so nice - live on the seventh floor
Ever so nice - I'm safe ...

So much fun on the seventh floor
Everyone laugh when you walk through the door
I get scared when my friends come around
I look at the walls and swallow most down

Ever so nice - live on the seventh floor
Ever so nice - I'm safe ...

I've been to every floor
And on every floor
And just/still don't feel any better
