When Evil Comes

Ocean Colour Scene

I don't like this anymore than you
In fact I'm scared
At the top of the stairs in the dark

Throw away all the dreams you had
Slow and broke
And just for you
You were barely there

Hey little girl where's your momma gone?
Has she left you scared
At the top of the stairs
In the dark?

It's too late for come backs
And I've been wrong before
Now I need, I need no more
Except for you, Making up the sides
It's too late for come backs
And I've been wrong before
Now I need, I need no more
Except for you, Making up the sides

Evil is when evil comes
At the top of the Stairs
At the top of the Stairs
And in the dark

The world won't listen
And it gets me scared
Standing there at the top of the stairs
In the dark

Come on baby
Let's lose this fear
And let's stand here
Where it's always fair
And never dark
