

Anthrophobia

Oceana

Break your ties to a life of hypocrisy.
You've let down everyone who has cared.
If wasting every second of your life
is what you think can save you
then let that be that

Reaching into the back of my mind
Searching for a moment like heaven.
No one ever cared for you.
You lead the world to believe
you are a fake

The choir is singing
The choir is singing
You are a fake
