

You oughta know  
That every bit shows I like you free.  
We feel you breathe and why should I?  
I still love you.  
Feeling fond of, left wounded,  
I can't love you.

And we believe that if I'm to live  
Pulls you in and casts you to feel.  
I love you somehow and its better.  
It works out,  
It calms me down.  
I'm glad I know you.  
I'm glad I know you.

In happiness it does exist,  
But I don't know that this is it.  
And feeling lone like no one does.  
I love you and your silliness.

So lonely hide and I caught you

And you caught me and this I see.  
I'm blinded, I'll fix it, find it.  
Dropped it, stained it and watch them die.

We meet at the sea to rest.  
It's already have to moving in  
You made it happen after it started  
I'll already be there.  
Giving you a hand,  
Glad I see you made it in.  
Beauty holds a place for you in my head.  
In my head.  
In my head.

In happiness it does exist  
But I don't that this is it.  
In feeling lone like no one does.  
I love you with your silliness.

So hold me higher,  
I caught you and you caught me and this I see.  
Blinded me, fix it, find it,  
Dropped it, stained it, watched them die.

And I'm sure of a name I won't know  
How could I, how could I, how could I?  
And I see that I'm sure I won't hide  
I won't hide, I won't hide, I won't hide.  
And I'm sure of a name I won't know  
How could I, how could I, how could I?  
And I see that I'm sure I won't know  
I won't hide, I won't hide, I won't hide
