

It's the first of May, uuh  
I don't feel the same, uuh  
I know something changed, uuh  
Since you crossed my way, uuh

And I'm looking to my left  
And I'm looking to my right  
Everybody seems to be so much more alive  
Uuh love is in the air  
... and candy everywhere  
Your sweetness makes me mmm...

[Chorus(x2):]  
I give you all my lala,  
But don't you tell my mama  
'Coz I don't need no drama in my life  
So what's happening to your car  
Take me somewhere far  
So we can do the lalala all night

Big brown eyes, uuh  
And the cutest smile, uuh  
And I'm feelin' high, uuh  
Oh it drives me wild, uuh

I like the way he makes me shake  
Oh it's keeping me awake  
His hands are allover me  
Makes so hard to behave  
Uuh love is in the air  
... and candy everywhere  
Your sweetness makes me mmm...

[Chorus x2]

Let's break it on  
And talk about the lala  
Even your dady  
Did it to your mama  
I like the lala  
You like the lala  
Everybody in the house loves to like the lala

[Chorus x3]
