

# Mother Love

Oceana

Fear love

A failure to nothing but an empty shape we collide and we were  
dead  
on

Are you tired enough  
I think hurt your head enough  
Bruising me the first touch  
We'll fall asleep we'll close it up

Count the days till you get rid of me  
Till I fall asleep I am meaningless endlessly  
You'd feel fine if you could bury me six feet underneath I  
won't see it  
And now I'm recklessly ending it  
As it falls from the stage to the floor  
The day ends when I say it does I'm afraid of him  
I'm afraid of him

My mother sings when she's afraid of me because I hurt her  
more  
More than the son she sees it scares half to death  
My father sings when he's afraid of me because I hurt him  
more  
More than the son he sees it scares so to death

Oh my son why did you leave me  
Where did you run my son  
Why did you leave me

Oh my son why did you leave me

Oh my son why did you leave me  
Where did you run my son  
Why did you leave me

Oh my son why did you leave me  
Where did you run my son  
You left me empty
