Gravity, gravity, why oh why you try to fail me
Never you mind, never you mind, never you mind it's entertainin
g
Is for a while, just for a while, your crocodile smile now is f
ading
Maybe I lied, maybe I lied, maybe I lied but it's entertaining.

Oh how I'd cut you to the bone.
Oh how I'd cut you to the bone.

This creeping and seething
I pour it on to make you grow
While I'm waiting for the lights to change.
Your love that is weakening
A last embrace before you go
Are you waiting for the lights to change.

Why try to fight, why try to fight, holding on tight but your h
ands are shaking
I'm pulling you down, pulling you down, from this dream you are
never waking
What cannot see, what cannot see, what cannot see cannot try to
lead me
I know my own mind, know my own mind, know my own mind and I'm
not crazy.
