

## New Pin

Oceansize

In goodness wake I'll always say I do,  
That it's all for you  
And tricks I'd turn would always shine right through,  
But it's all for you.

Like a stream overflowing  
Unpredictable  
A new confidence like a new king.  
Like a breeze levitating  
To raise a sunken soul  
And to the surface shines like a new pin.

What junkie says is not what junkie do,  
But it's all for you  
And the tricks he turns will always shine right through,  
But it's all for you.

Like a dream synchronising  
With the one I missed the most  
A concentrated love from a new queen.  
Like a wave stabilising  
I walk a tighter rope  
And my new victim shines like a new pin.  
I can feel lies within the  
Gospels that I'm sold  
The tactless sentiments are a new pain.

But it's all for you.
