I wanna move my body feel the rhythm

Talk to me my love  
I wanna move my body, talk to me now.  
I wanna tell you heaven

I've been waiting for your love so long  
let's get freak and let's get it on  
The pain I felt for you is lost  
you show me the way the love and trust  
can you feel it, do you want it. I need it  
I'm addicted to your loving so strong  
I can feel the rhythm from dusk to dawn  
You've got bring your loving to me  
the way you move me when you soothe me  
come with the silence, come my way

I'm standing beside you  
I've got no other love to hide  
It's time to break the silence  
so talk to me and I'll feel all right

you're taking the pleasure, I'm giving the pain  
talk to me, don't be ashamed  
give it, feel it, want it, need it  
grab me, touch me, come and get it  
so near, I can see  
The damn lie before you talk to me  
got nothing to hide but the one  
talk to me don't tell me no.
