

Would You Still Be There

Of Mice & Men

If I could find the words, if I could shake the world
If I could turn back time would you still be there

I can't stop thinking about the way
I left you sinking with no escape
Now there's no love light, no way to save
But maybe next time I won't throw it all away

I ask myself everyday

If I could find the words, if I could shake the world
If I could turn back time would you still be there
If I could stop the words you say
If I could shake the world way you take
Then would you still be there

Would you still be there
Would you still be there

Dislocating, I lie awake
Suffocating in my mistakes
I lost my halo when I fell from grace
But maybe next time I won't throw it all away

I ask myself everyday

If I could find the words, if I could shake the world
If I could turn back time would you still be there
If I could stop the words you say
If I could shake the world way you take
Then would you still be there

There's no chance for you round here
I'd crawl into the fire, fan the flames
Don't keep missing, don't be missing
I don't have to say that to your face

If I could find the words, if I could shake the world
If I could turn back time would you still be there

If I could find the words, if I could shake the world
If I could turn back time would you still be there
If I could stop the words you say
If I could shake the world way you take
Then would you still be there
