

## Backyard

## Of Monsters and Men

I live a life of love  
Hold me down  
Hold me down  
I live the life of lettin' go  
Under a starlit night  
I wrap myself in thin sheet of ice  
Out there the stars are crystal eyes

Find me in the backyard  
Find me in the backyard  
In the dark  
Find me in the backyard  
Find me in the backyard

Cuz you colour me clear  
Now what you, what you waitin' for?  
Yeah you colour me clear  
Now what are you waitin' for?

See how my minds turn  
From blue to black  
From white to gray  
I'm burning the broken wound  
The drops illuminate and evaporate into a neon lake  
I'ma be stand the vicious one

Find me in the backyard  
Find me in the backyard  
In the dark  
Find me in the backyard  
Find me in the backyard

Cuz you colour me clear  
Now what you, what you waitin' for?  
Yeah you colour me clear  
Now what are you waitin' for?  
Cuz you colour me clear  
Now what you, what you waitin' for?  
Yeah you colour me clear  
Now what are you waitin' for?
